LEMON GROVE REVIEW

The Dimmer VIEW

BY MAX GOODWIN

As the political atmosphere gets warmer, jokes become a little more pointed and Bob Hope used a couple at the recent dinner at the Los Angeles Press Club at which veep Nixon was guest of honor.

Hope, first off, denied he had been offered a job as "the Republican's answer to Adali Stevenson."

Hope said there was no truth in the rumor that Republicans pressured people on and off the ticket. "The last time I saw Bill Knowland and Dick Nixon together," he said, "I don't think they were talking politics. They were just sitting there having a friendly chat.

"Of course they were sitting on Goodie Knight," Hope added.

One of the most heartening signs I have seen of opportunity for youth is personified by Jody Crane, 22 year old son of Mrs. Matilda Crane, of 2612 Massachusetts Avenue, in Lemon Grove. He is reported to be one of the youngest supermarket managers in the state.

Jody married a Lemon Grove girl, the former Dianne Galusha of Monterey Heights when the couple was seventeen and both attended Helix High School. They have three children, and, as Jody's mother told be, he's doing real well, financially. Of course, it takes a pretty good income to raise a family of five. Jody's father died in 1955, so it's been pretty tough scratch for the family but all appears smooth sailing now.

Jody works for Big Bear Markets, a comparatively new market chain and I was interested to see what the management of this outfit had in mind in making executives out of just-over-teen-age boys.

I got the answer from Jerry Holmes, also a Lemon Grove resident, who is Big Bear supervisor.

"We choose our managers from our box-boys," Holmes said. "We start with clean-cut high school boys who are in their sophomore year. By the time they graduate we have a pretty good bead on them. If they show ability we make manager apprentices of them, and finally, managers."

Holmes said the system is paying dividends. He claims the chain has the youngest most en-

J. C. PENNEY SIGNS 25-YR. LEASE AT COLLEGE GROVE

J. C. Penney Company, the world's largest chain of retail department stores, will establish its fifth and largest San Diego area outlet in College Grove Center.

A 25-year lease has been taken on a two-level junior department store, with escalator service, which will be located at the east end of the center with parking lots adjoining the store on both levels. The store will employ 85 100 sales people, who will be recruited locally.

The Penney store will be located at the east end of the center, with parking lots directly adjoining the store on both levels. The upper level will have a frontage of 146 feet on the mall and a depth of 170 feet. The lower level will have a 150 foot frontage on the lower level parking area and be 276 feet deep. The total store area is 65,000 square feet, with an additional 13,000 square feet for full expansion.

Arraignment Set March 28 For Hakes

The preliminary hearing of Wallace Clayton Hakes, accused of stabbing to death, Paul W. Jones in Spring Valley on February 23, has been set for 1 p.m., March 28. Hakes was arraigned in El Cajon Municipal Court last Tuesday before Judge Fenton Garfield.

Hakes was given a copy of the complaint signed against him and returned to County Jail without bail. Robert C. Thaxton, Jr., San Diego attorney has been appointed to defend Hakes.

SV Woman Pleads Innocent On Husband-Slaying Charge

Mrs. Thelma Dufford, 43, 4621 Bancroft Drive, Spring Valley, charged with shooting her husband to death as he slept in their home on February 1, entered a double plea of innocent and innocent by reason of insanity Tuesday.

She entered the plea before Superior Court Judge Hewicker. She will be tried April 21 on the murder complaint. Mrs. Dufford is charged with firing a revolver into the heart of Laverne Elvis Dufford as he slept while she was watching a television program.

Dufford was a deputy building inspector for National City.

Hewicker appointed two psychiatrists, Dr. G. W. Shannon and Dr. A. F. Meyer, to examine Mrs. Dufford before her trial.

Sheriff's officers said Mrs. Dufford told them she had brooded over 17 years of quarreling with her husband before the shooting.

Means Sought For L.G. Library

SAN DIEGO (CNS) — Lemon Grove's library building, put off when the State Legislature decided such facilities cannot be built with general county funds, was pushed before Supervisors on Tuesday.

Frances Hahn, county librarian, asked the board to initiate action for revision of the state law. She said county branch libraries should be built, repaired or refurnished, where necessary, from general funds. She based the suggestion on reimbursement from the Library fund, in amount and at times decided by Supervisors.

The Board ent along wholeheartedly with Miss Hahn's recommendation.

"We've got to get library help," said Supervisor Dave Bird. "We should have the law changed so we can borrow under $100,000 from the Retirement Fund. Or we should be able to put two projects into one, so that we could borrow $100,000 for two libraries as if they were one project."

Bird said that a 10-cent increase in the library tax rate would be necessary, if no other means for raising funds to build libraries can be found.

"But," he said, "we'll meet criticism from all over the county if we do this just to put in libraries in Lemon Grove and El Cajon or Encinitas."

The question was turned over to T. M. Heggland, chief administrative officer, to prepare for presentation to the State Legislature.

Broadway To Be Rezoned

Uniform Restrictions To Be Invoked

SAN DIEGO (CNS)—Rezoning Lemon Grove's business district on both sides of Broadway, all the way from College Avenue east to Brookside Subdivision, is being recommended by the County Planning Department.

A public hearing on the proposal was set for April 11 at 2 p.m. by the Planning Commission at its meeting Friday. The hearing will be held in the chambers of the Board of Supervisors in the Civic Center, San Diego.

Commissioners and Dr. Willis H. Miller, planning director, were frank in their statements that they expect objections to the proposed rezoning. They chose the 2 o'clock time to give the afternoon to hearing property owners' objections.

"We have some real problem in this area," Miller said. "Putting the freeway through made quite a change in the pattern of things. If this were virgin territory, I'd like to see this developed some other way. But now it seems to need a large C-2 zone and there also seems to be a need for multiple dwellings."

Miller also declared there is a "real situation to be cleaned up outside of this area," referring to lands in Lemon Grove beyond the business district.

Something had to be done, he indicated, about the ordinance for the Lemon Grove Zoning District. "This," he said, "provides for a 75-foot setback, but then there is a long list of exceptions."

BEAUTY WEDS — St. Philip's Episcopal Church in Lemon Grove was the scene for the wedding of Sharon Renee Mueller, daughter of Mr. and Mrs. George Mueller, 10181 De Rio Road, Spring Valley to Harold Richard Miller son of Mr. and Mrs. Ted Miller, 1423 Division, National City. Rev. Phillip Bartlett officiated.
Mrs. Miller held the title of "Miss Lemon Grove" in 1957. The couple will reside in National City.

LETTERS TO THE EDITOR

Dear Editor:

As usual I have read with interest one of the best weeklies published, even the Letters to the Editor, but I cannot agree with giving the poor tax payer a coffee break. I cannot pity the tax payer. He himself, asks for these taxes.

For instance: We have been warned far enough in advance about the wage increases voted the eight elected officials. If the taxpayer does not want to pay the increased wages to meet these salaries all he needs to do is get a referendum on the next ballot to stop the increases. I for one, would be willing to pay $1.00 to put my name in the referendum.

There is no need for the increased salaries. If they don't want to serve for the present salaries already execessive let someone else do it. I am sure the other fellow will do a better job for the same money.

I am reminded of the supervisor serving for free threatened to resign bacause his pride had been hurt. When he was asked to hand in his resignation again his pride was hurt so badly he refused to resign. So with these public officials, already overpaid they believe the job exists for them and not for the service the owe the tax-payer.

Sincerely your in Christ
Aloysius H. Seubert,
JMJ.

Note: Increasing the supervisors pay will not decrease taxes either as that fellow writing in the Dimmer View suggests.

Dear Editor:

I wonder if the members of the school board know that there are 100,000 teachers in California looking for teaching jobs? I wonder if they know that the certification clerk in Sacramento can furnish them with the names of 2 teachers for every teaching job within the state. That these teachers are well qualified and hold valid teaching certificates?

Not that I don't want the Assistant Superintendent to take a jaunt around he country at taxpayers expense, but I do believe we should employ these California teachers so that there will be less unemployment here. Of course should an out of state teacher come to Lemon Grove seeking a job and she is better

Squawks Block OK On L.L. Park

SAN DIEGO (CNS) — Application for a permit to establish a Little League ball park in Monterey Heights Park, Lemon Grove, was protested by property owners in a public hearing before the Planning Commission on Friday.

The commission continued the hearing to March 14.

Protesting were Dr. J. L. Boots, owners of a number of vacant lots contiguous to the proposed field, and Mrs. Jack C. Arbuckle, whose home abuts the field.

Boots said putting in a Little League Field would cut the value of his land "by $10,000 or $20,000." Mrs. Arbuckle said she opposed the project because she doesn't want "screaming kids under my bedroom windows."

Cletus Gardner, director of the county park and recreation department, admitted that the field was being moved from the location it has had for seven years because of protests from property owners.

Although it continued the hearing, the Planning Commission sent to Supervisiors a memorandum indicating it favored development of the area for a ball field. All but two lots are now owned by the county or the Lemon Grove School District, and a commission memorandum said, "The unusual condition of almost solid block ownership by two public jurisdictions make it possible to provide for its ultimate development for needed park and recreational use or for some expansion of school facilities."

The commission plan calls for purchase of the two lots, for Nichols street to be relocated, for consideration being given to vacating Bakersfield Street and for location of the ball field away from residences.

Supervisors Tuesday indicated they would go along with the Planning Commission's recommendations. In addition, they urged fast action on the permit required to allow the league to use the park area.

A department of public works report states that toilet facilities and electric service at the proposed field would cost $6,000 was approved "in principle." The item will be submitted for the 1958-59 budget.

PET PARADE TO ATTRACT 1,000 KIDS

More than a thousand youngsters are expected to take part in a Pet Parade next week.

The parade will be held on Saturday, March 15 starting at 11 a.m. in the marshaling grounds on the south side of Pacific Street between Buena Vista and Olive Streets. The parade will march along Pacific to the Junior High School playgrounds where judging will be conducted.

Youngsters in all grades of Lemon Grove public and parochial schools are invited to bring all types of pets to compete for prizes and trophies and even non-winners will come out ahead what with free refreshments being served as long as copious supplies last.

Anything that is alive may be entered in the competition. Dogs, cats, goats, goldfish, squirrels, snakes and even insects may qualify. Horses however, cannot be entered because of the danger of children being stomped on.

There will be prizes for biggest, smallest, weirdest, homliest, prettiest, craziest, as well as cleanest and dirtiest pets.

Anouncements are being sent to the pet owners' homes through Lemon Grove schools.

The event is being co-sponsored by the Boosters Club (Merchant's Division of the Chamber of Commerce); the Lemon Grove Junior Chamber of Commerce, and Lemon Grove Food Basket Market. Cost of trophies, prizes and eats are being shared by the three organizations.

Lady Bigamist Gets 90 Days In Jail

A Lemon Grove woman, Mrs. Doris Mae Rundle, 35, of 2090 Massachusetts Avenue was sentenced to 90 days in jail as a condition of 10 years probation on a charge of bigamy. Records show that Mrs. Rundle has been married four times, without getting divorced. Should it happen again, she will go to prison, warns Superior Court Judge William Glen.

Glen found Mrs. Rundle guilty in a non-jury trial in February. She had married William House, formerly of San Diego, while still married to her third husband, Lawrence Rundle, a soldier. Rundle is making an allotment to Mrs. Rundle and her three children by previous marriages. House was imprisoned in 1957 for assualt with intent to commit rape. Another former husband, Joe Hadfield, is serving a grand theft term records show. Earlier, Brs. Rundle, had escaped a bigamy complaint with a warning from the district attorney's office. It was also shown that one of her former husbands had married her without previously divorcing his wife.

Election Averted In Fire District

There wil be no election this year for commissioners of the Lemon Grove Fire District, according to V. J. Dorman, counsel for the District.

The District was recently reorganized under more stringent laws and regulations with an election of officers scheduled for April 1.

There were three vacancies to be filled. All commissioners filed for reelection. No other candidates filed and according to Counsel Dorman, there was no need for an election. This resulted in an election cost savings of approximately $500, he said. County supervisors will appoint commissioners. Historically, they appoint the incumbents, Dorman said. Incumbent commissioners are Hank Ruolo, Mike Calderone and Tom Parsons.

ENGAGED — Mr. and Mrs. John Koopmans, 8284 Golden Avenue announce the engagement of their daughter, Barbara Anne Kopmans, to Eugene L. Edwards, son of Mr. and Mrs. C. W. Edwards, 2601 Sweetwater Avenue, Spring Valley. Both graduated from Helix High School. The bride-groom-to-be attended San Diego Junior College and is now attending its evening school. Miss Koopmans attends San Diego State College and is a member of Alpha Xi Delta Sorority. They will be married July 13.

Little League Meet Draws 500

Over 500 parents attended the monthly meeting of Lemon Grove Little League Monday night at San Miguel grade school. Discussed were plans and progress being made in the development of the new ball park. Skilled laborers are badly needed to help out in this project, and an appeal is being made for these men to assist in a supervisory capacity. Many dads have offered to help but they need the guidance of skilled carpenters, plumbers electricians and masons. Anyone wishing to help, please call Mr. Haas at HO 6-6543.

Three Youths Caught In Turkey Farm Raid

Three youths were booked on a charge of suspicion of petty theft when they were cornered Monday night while raiding the turkey farm of Denzil C. Rexroad, at 8840 Campo Road.

One had a gobbler tucked neatly under his arm.

Booked on a petty theft charge and held in county jail are Harvey L. Walker, 18, a laborer, of 6653 Mallard St., San Diego; James R. Riddle, 18, a fireman, of 6375 Wunderlin Ave., San Diego; and Glenn Allsebrook, 20, a sailor of the Naval Air Station.

M.H. Group Petitions For Road Repair

More than 250 signatures have been obtained on a petition urging the board of supervisors to repair a 100 foot strip of roadway in Monterey Heights which connects Imperial and Canton Drive.

The petition was circulated by Joe Payson, Thurston Rock, Keith Foster, Kent Hudkins and George Ireland, all living in the Canton Drive area.

The petition declares that the road is rough, rocky and full of gullies and presents a driving hazard.

ARMSTRONG TO RUN FOR MUNICIPAL JUDGE

Frank Armstrong, an attorney, of 8230 Golden Avenue in Lemon Grove, last week filed a declaration of intention to run against a townsman, Municipal Court Judge Luther N. Hussey, of 7205 San Miguel Avenue.

A San Diegan, Howard Muhleman, also an attorney, of 5311 Quince Street, also filed. Hussey has also filed.

Sparks flew in the campaign even before the deadline for filing a declaration of intention had passed. Hussey, in a newspaper interview, is reported as having said he felt his candidacy is a test of public reaction to the court. Anyone opposing the court could file against him, he said.

Armstrong branded the statement as "rather ridiculous" because the court was not an issue. "The issue isn't whether we want a traffic court but whether we want the incumbent or someone else as municipal pudge," Armstrong said.

"The traffic court building was rented and arrangements made for the court before Hussey was appointed a Municipal Court judge. It is the intent to rotate judges in the court, I am told, so it is rather ridiculous to confine the issues to whether a person favors a traffic court.

"Personally, I think such a court is a good thing," he said.

Armstrong has been an attorney here since 1933. He is presently chairman of the board of trustees of the Lemon Grove Elementary School Board and chairman o fthe Lemon Grove Youth Control Board.

Heart Fund Still Open For Contributions

Even though Hear Month has ended, the San Diego County Heart Association says additional gifts are still welcome. "If you still haven't made a contribution to the 1958 Heart Fund campaign, or if you want to increase the size of the gift you've already made, your check wil be put to good use," said Mrs. E. I. Phares, 3490 Washington, local chairman and co-chairman Victor Whitworth, 1790 Englewood Drive.

Lemon Grove residents contributed $881 which isn't bad at all considering this is the 1st year Heart Sunday had been held here, she said.

MT. HELIX WHITE SHRINE TO ELECT

The annual election of officers of the Mt. Helix White Shrine will be held on Friday, this week at the La Mesa Masonic Temple at 8 p.m.

Mrs. Fred Rogers and Mrs. J. Nathan Carpenter will preside. Mrs. Clarence Wagness is chairman of the social hour.

WHAT'S DOING

W. H. Parker, your Telephone Manager in La Mesa

Care for a look at some unusual phones? Here are a couple of experimental types. You'll agree they're quite a change from the phones you use every day. So we've asked a number of people to try them out at home for a month. In the foreground is a new-style bedroom phone. The phone at left is even more unusual. The dial's built right into the handset. Naturally, it's too early to tell if either of these phones will ever go into regular service. But our aim is to find out what telephone users think of them. For what we learn from tests like this will help set the style of your future telephone.

* * * * *

You know that wire that runs from your phone to the pole outside? It's called a drop wire. With lots of new phones going in, you've probably seen phone men hooking up these wires. Most always, they have a few small pieces left over. Do they throw these pieces away? Not at all! These "leftovers" are put together into lengths of wire we can use somewhere else. Just like a budget-minded housewife, we make good use of our scraps!

CONSERVATION!

California Conservation Week will be observed throughout the State from March 7 to 14. And this is a good time for all of us to take steps to preserve California's natural resources. Our conservation authorities point out that Californians all have a big stake in this, and there are many things we as individuals can do. We can support tree-planting programs that beautify cities and rural areas. We can conserve water at both ends of the pipe line. That means protecting water sources—and not wasting water. We can practice "Outdoor Good Manners" and prevent the littering up of cities, roads, camp grounds and countrysides. And we can all give our support to the conservation clubs that are working to safeguard our soil, minerals, forests, water and wildlife.

LOYALTY DECLARATION FORMS SENT TO TAX EXEMPT GROUPS

Forms 99 for filing a loyalty declaration have been sent to all incorporated organizations exempt from tax under the Bank and Corporation tax law. The Annual Information Return (Form 199) which must be filed by most corporation with incomes exceeding $25,000 will be mailed only on request this year.

Incorporated exempt organizations must file loyalty oaths whether or not annual information returns are required.

For information and returns write to Franchise Tax Board, 530 Broadway, San Diego or call BE 2-3349. Due date for filing is not until May 15, but the board will accept them earlier.

EASTER SEALS SALES TO START NEXT MONTH

The 1958 version of the traditional Easter Seal appeal in behalf of crippled children will open in tihs community, throughout the county and across the nation this week-end, continuing through Easter Sunday, April 6.

The Lemon Grove Junior Woman's Club is one of 22 Junior Women's Clubs in this county which have contributed more than 5000 work hours on the mailing project.

Mrs. Fred H. Rohr, county chairman for the appeal, said this year marks the 25th anniversary of the Easter Seal effort in California.

Mass X-Rays To Be Halted

There soon will be no more mass X-rays of persons under 21 years of age and of any pregnant women by the San Diego Department of Public Health. The policy had been to X-ray persons 15 and over at the Chestmobile and the Tuberculosis Clinic in San Diego. Dr. J. B. Askew said the change is due to the low incidence of TB in younger age groups and known factors concerning radiation hazards.

TB among persons under 25 years of age has dropped 87 cases in 1951 to 52 cases in 56, while population rose 682,200 to 876,000.

The changes will be effective upon completion and dedication of new secondary health centers in El Cajon and South East San Diego, probably in March or April.

Exceptions to the new policy of not X-raying persons under 21 years of age or pregnant women will be made in cases referred by private physicans on the basis of a positive intradermal tuberculin skin test, persons required by ordinance to obtain a chest X-ray for positions as food handlers or teachers, contacts who have a positive intradermal tuberculin skin test but have not been recently X-rayed, and individuals with a history of TB.

Mt. Miguel P-TA To Sponsor Armed Forces Program

"Opportunities in the Armed Forces" will be presented by representatives of all the services the night of March 12, at 7:30 p.m. in the cafetorium at Mt. Miguel High School, under the auspices of the Parent Education Committee of the Mt. Miguel High School PTA.

Vocational and technical training, a college education and world wide travel are just some of the many advantages offered by the Armed Services.

Master Sergeant Edward R. Edwards will represent the Army and tell of their program for the high school graduate which includes the buddy system, guaranteed schooling with selection of field at the time of enlistment. Wac Captain Fay Billing will represent the program for young woman high school graduates. After three years in this service in any one of their fields, such as medical, secretarial, etc., young women will be qualified by training and experience for many jobs.

Air Force Master Sergeant Frank Ulliot says that in his service there are 225 different fileds comprising 400 jobs for which candidates are selected by aptitude testing and counselling. There are opportunities for training in many different technical schools, for travel to foreign countries, and for commissions in the Air Force for qualified trainees.

"Young ladies who are high school graduates and age 18 to 25 will be trained in one of the 16 fields including electronics and aviation and nursing. Those who are scientifically minded and who have the qualifications will have the opportunity to apply for a college education," according to Chief Oliver Crocker, who, with Yeoman 2nd Class Midge Benway, will represent the Navy. He also said, "The high school diploma is the open door for trade school opportunities and assured attendance for young men who enlist in the Navy. A college education is available under three different programs.

Staff Sergeant Raymond H. Smith will represent the Marines. He says, "Todays modern marine corps requires many skilled specialists to perform the many highly technical and professional duties essential to a military organization. To better evaluate his capabilities the new marine recruit is given a battery oftests during his first few days in the Marine Corps. These help in determining how he will best fit in this program.

Mount Miguel High School Parent-Teacher Association will have as speaker, Mr. Roy F. Ashe, Project Administrator of the 880 Jet Transport Division of Convair, at its regular meeting March 6, at 7:30 p.m., in the High School Cafeteria, 1800 Sweetwater Rd., Spring Valley.

Ashe, parent of two Mt. Miguel students, has chosen the timely subject, "The Aircraft Industry Offers a Challenge to Education." He has been with Convair eighteen years and is past president of the Convair Management Club.

Principal Melvin C. Grant will answer the challenge by revealing the stepped up program for high schools in our district.

Students from the music department will present a trumpet solo, string quarte, and vocal ensemble. After the report from the nominations from the floor, next years' officers will be elected. Refreshments will be served by parents of the Spring Valley area, Mrs. Howard Goode, chairman.

Plans for a Swap Meet, March 22, from 10 a.m. till 5 p.m. on the school parking lat, will be proposed by Mr. Don Irwin, chairman of an emergency ways and means committee for the PTA.

BANKER'S HOURS?

'Sunrise Shift' Begun By Local Bank

The Lemon Grove branch of the First National Trust and Savings Bank of San Diego has joined the county-wide stepped-up check processing service recently instituted at the main office, Jack W. Koop, manager, said yesterday.

"Depositors in Lemon Grove can now be assured that their accounts will be debited or credited 24 hours sooner than was previously possible," Koop said.

The introduction of a Sunrise bookkeeping shift which begins at midnight each working day at the main office has resulted in a 24-hour speedup in check processing.

"Six months ago," Koop continued, "the First National instituted a Twilight shift and this coupled with the Sunrise shift marks one of the most revolutionary steps in the processing of checks in the history of the 75-year-old financial institution."

Before the new system was put into effect two days were needed to process checks drawn on the main office.

The Twilight shift, starting at 4 p.m., is used chiefly for sorting checks and deposits and the Sunrise shift, which comes on at midnight, for posting items.

Chamber Changes Customs Stand

Hamilton Martson, San Diego department store owner convinced the Lemon Grove Chamber of Commerce of the error of its ways last week, and they reversed their stand a change in the San Diego-Baja California customs regulations.

They had previously indorsed a proposal to eliminate a law which limits to $10 the value of duty free merchandise which may be brought across the San Diego border from Mexico after staying there less than 24 hours.

The San Diego Chamber of Commerce went on record as opposing the change last week. After Marston's explanation, the Lemon Grove Chamber did likewise. They had voted to support the elimination of the law at their February 14 meeting.

At last week's meeting the Funds-for-incorporation committee reported that $3,000 of the $10,000 goal had been reached. A proposal to erect a sign in the plaza with a thermometer showing the rise of contributions was considered.

The chamber's request among local business owners and employes to park their own autos along the railway north of Broadway brought good results, it was announced. The need for customer parking now usurped by employes is still desired, the committee stated.

If your heart is right with God, you have nothing to fear, for "Tho they kill the body, yet they cannot destroy the soul."— Cyrus Osterhus.

Five Million $ In Scholarships Available

High school students competing for a share of the $5,000,000 in scholarships offered each year by the National Merit Scholarship Corporation will now be tested at the end of the junior year rather than during the senior year. The purpose of the change is to help with the selection of scholarship winners and to offer guidance and educational planning help to students. Seniors of Grossmont Union High School District's four high schools participate in the competition, annually.

The tests enable the students to learn where they are strong and weak. Such knowledge makes it possible for the students to plan their senior program. It also helps students select college courses in which they are most likely to succeed.

The cost for the test is $1 per student, payable on examination day, April 29, 1958. This refers to the 1958-59 competition . . . not the present testing program. A limited number of students unable to pay will be tested free. The time of the tests is 9 to 12 in all participating high schools.

Constitutional Guarantee Needed For Water Says Shearer

President Eisenhower has emphasized water development in his various messages to Congress, William K. (Bill) Shearer told the Lemon Grove Men's Club Friday noon. "The President has also paved the way for much increased development of water resources with his proposed partnership program. California has taken the lead among the States in developing a comprehensive State water plan, which includes as its initial phase the Feather River Project." The Men's Club met at Michael's restaurant in Lemon Grove. Shearer is a candidate for State Assemblyman in the 77th District.

Shearer said, "we need a constitutional amendment guaranteeing water rights for all sections of California. The State should accept the obligation to furnish water to all areas of deficiency, just as it furnishes support to all school districts on a firm and permanent basis." He said the North must be allowed to hold the water it needs and that Southern needs should be met with surplus water. "All sections should have firm rights," he said, "but these rights should possibly be satisfied by an equal quantity of water of a comparable quality if the original source should be denied."

Shearer advocated the establishment of a water development fund guaranteeing the development of necessary water projects in all areas. He said the State should immediately appropriate its reserve funds for such a fund, protecting them from the stop-gap financing proposals of the liberal spenders in Sacramento. "Above all," he said, "the answer to the water supply problem lies in the construction of physical works, not in laws passed nor constitutional amendments enacted." He said we should be flexible in our approach assuring the compromises necessary to get the job done.

He said current thinking was that the South should have no right to water from any particular river, but a firm right to surplus water arriving in a pool.

"There is enough water in California to meet the needs of every section of the State," he said, "and we have enough money to build the necessary porjects. A sound water program for this area would include voluntary conservation; defense in court of our Colorado River water supply; adoption of the California water plan as an over all guide for our State wide development; immediate construction of the Feather project; continuation of sea water conversion experiments; cloud seeding and all other experiments designed to bring San Diego County an increased supply of water."

Shearer said, "we need interregional transfer projects and the State must finance, construct and operate them. The State should give local agencies long term, low interest loans for water development, otherwise we develop only the water most easily accessable and this is not enough to meet our needs."

Speaker this Friday will be Judge Fenton Garfield of El Cajon Municipal Court who will discuss the need for more courts' services for this area.

Meeting will be at Michael's at non Friday. Bill Parker of the telephone company presides.

400 Cubs Attend Blue & Gold Dinner

Pack 308's Annual Blue and Gold Birthday Dinner was celebrated by 400 hungry Cubs and their parents last week at the Junior High Cafetorium.

Mr. Harold Milner gave the Invocation. Flag ceremony was conducted by all Den Monthers in a candlelight ceremony with the history of scouting read in the background.

Table display awards went to Den 6, 7, and 10. Judges agreed that it was a tough decision. The parents count was won by Den 10.

Five boys were graduated into Weblos. The following boys were graduated to Scouting: Charles Durr and Kenneth Harvey to Troop 369; Sydney Kenworthy to Troop 309; and Ronald Denlinger to Troop 333.

Special guest was Mr. George Clarke, representative from Scout Headquarters who prsented Mrs. Ora Black, Den Mother, with the Den Mother's Award.

Mrs. Lorna Munden gave an interesting account of the history of Pack 308. It took many people and hard work to put Pack 308 on the map.

RED STUDENTS STUDY MATH

A specialist on Soviet science and industry who is associated with the Standard Oil Company of Indiana says that Russian boys and girls even in the first 10 grades of school put in more than 35 per cent of their time on science and mathematics. By way of contrast, columnist Jay Hayden states that during 1956 only 34.4 per cent of all high school students took chemistry; 24.5 per cent took physics; 9.2 per cent took trigonometry, and 7.6 per cent took solid geometry.

Areas Merge For Better Hospital Auxiliary Service

At a joint meeting held last Thursday, the Lemon Grove, Spring Valley, and Jamul area units of Grossmont Hospital Women's Auxiliary voted to combine for a trial period of one year. A chairman and two co-chairmen, each from a different area, will be elected at the next meeting, which is scheduled to take place on April 17. This will provide each area with representation on the auxiliary's extake office June 1. The meeting was held in the Spring Valley home of Mrs. Gene Cramer; with Mrs. N. Y. Henkel, Spring Valley chairman, presiding. She was assisted by Mrs. Robert Sutton, Lemon Grove, and Mrs. J. R. Tindell, Jamul. Mrs. Jens Hutchens, auxiliary president, was a guest.

TRIGGER-HAPPY

A fear among defense planners here is that a nuclear war could be set off "by mistake" some day by a trigger-happy dictator of a small nation.

How would a second-class country obtain an atomic bomb? There are several means that intelligence people are aware of . . .

1. Spies could, conceivably, steal a warhead from one of the present "have" nations.

2. Russia could slip a bomb or two to one of its satellites as a "defense' measure.

3. The greatest possibility — on which lies further in the future — is that the United States, because of international pressure may some day allot a certain number of A-bombs to "friendly" nations. Should this happen, the U.S. would lose its tight control over nuclear weapons.

There is one other possibility of an "accidental" nuclear war — and that is that a "friendly" bomb could inadvertently explode either over here or in Russia, scaring the nation into a war of annihilation.

However, according to Defense Secretary Neil McElroy, the chances of an accidental nuclear war, through an inadvertently exploded A-bomb, are " a million to one."

TAX CUT TALK

You may discount the published theories that there will be an income tax cut this year, based on President Eisenhower's comments at his recent press conference.

The President, in answer to a question, did say generally "it could be" that a tax cut may be necessary to generate spending, but what most dispatches failed to add was that he also warned that to do so may play havoc with our economy.

Economists here say a tax cut would be requested "only if we are on the brink of a black depression."

SWINDLE SHEET

Chairman of the Federal Communications Commission John Doerfer was raked over the coals for three days for "padding" his expense account by a few hundred dollars.

But the irony is that Rep. Morgan Moulder of Missouri, chairman of the committee was investigated Doerfer, was himself accused a few years ago of a much more serious charge that was never resolved.

Moulder, according to published records, carried his dauhter on his congressional pay roll in Washington while she was back home going to high school!

ATTACKS ON JOHNSON

Maybe Sen. Lyndon Johnson, Democrat of Texas, asked for it by pushing so hard with his preparedness committee, but he has become one of the hottest targets of Republicans here.

They are claiming that Johnson is forcing military officers to give personal opinions on the decisions of their civilian bosses — a direct violation of executive policy, should they do so.

Most severe attack came from Rep. Peter Frelinghuysen of New Jersey. The Republican congressman compared Johnson's tactics to those of the late Sen. Joseph McCarthy in the celebrated Gen. Hewicker case.

COST OF MISSILES?

Have any idea what our missile program is costing?

Well, orders for the rockets this year will amount to $5,729,000,000. This is 100 times more than was obligated for missiles in 1947, or about one-twelfth of our entire budget!

MISCELLANY

President Eisenhower, despite his severe chest cold, appeared much more relaxed and alert at his Feb. 5 press conference that he had at several previous public appearances . . .

An Air Force Thor missile is expected to lift a half-ton satellite into orbit in July of this year . . .

The Pentagon is being deluged with letters about the drafting of Scat Singer Elvis Presley . . . most letters complain he should be left alone because as a civilian he pays enormous taxes! . . .

WEARY SENATOR

Majority Leader Lyndon Johnson of Texas, leading contender for Democratic presidential nomination, has been forced to take frequent, secret, rest periods back home in Texas.

Each time the senator departs by plane for home—sometimes as often as once a week—he asks reporters to "please keep this out of the papers." Generally they do.

Johnson has been working at a terrific pace, often working late into the night, despite a heart history.

WASTED: $100 MILLION

The Hoover commission made it known that in the Defense Department there are 16,000 duplicated jobs that should be eliminated.

If congress passed this Hoover recommendation, the annual saving to taxpayers would be one hundred million dollars a year.

RENT GOUGING

Talking about efficiency, the State Department winks at a clear case of price gouging in France aimed at our officers and diplomats.

The French are charging the Americans up to $250 a month rent for apartments. The State Department is doing nothing about it . . . After all, it's only taxpayers' money.

RUSSIAN SIGNALS?

The confirmation that a "stray" radio signal caused a $2 million Atlas rocket to destroy itself in the air over the Atlantic reopens the question of Russian subs off the Florida coast.

There have been a number of reports that the Russians have been sending out radio signals from subs to foul up our missile tests.

Investigation goes on.

FARMERS' SENTIMENT

A recent poll taken by the Agriculture Department shows that one-half of our farmers want the government to "get clear out of farming."

Eleven per cent want less government help. And only 27 per cent want more federal assistance.

MIDWEST THINKING

Rep. Earl Wilson of Indiana received 1,300 replies to his poll on current controversaries. Here are some significant responses:

Elimination of farm price supports? Yes, 904. No, 132.

Should the government get out of private business? Yes, 1086. No, 68.

Increase spending for national defense? Yes, 544. No, 379.

Increased postal rates? Yes, 890. No, 235.

Just a sampling of the nation's sentiment . . . But it's a good sounding borad.

WHAT'S VEEP'S DUTY?

Rep. James Roosevelt of California comes up with a suggestion that appears to have merit . . . He wants Congress to define just what the duties of a vice president are.

As things stand now, a vice president's only official function is to preside over the Senate and hang around as "President-in-waiting."

MISCELLANY

Blind men and women in the United States did $30 million dollars worth of vending stand business last year . . .

The first three hurricanes this year will honor these girls: Alma, Becky and Cleo...

The state of Montana, Sen. James Murray's office reports, faces a martial puzzle . . . His office says a recent Montana census shows there are 144,198 married men—and only 141,691 married women . . .

"SELF EXAMINATION"

Lent places us in such position over against Jesus Christ that we become conscious of our sinfulness. Jesus Christ is the light of the world. His light shines into our lives and reveals that from which we need cleansing. Everyone who comes into the light must stop to examine himself whether his life is full of light or darkness. Self examination makes us honestly face our sins. Jesus offers forgiveness and cleansing to all who acknowledge their need and sincerely desire a new life.

L.G. Lutheran Church Message

BANCROFT DRIVE

Contract bids for the improvement of Bancroft Drive, from Campo Road (Highway 94) to Troy Street, will be opened in the Board of Supervisors chambers March 10.

Items the contractor will have to consider are: (1.) the removing of 2 cubic yars of concrete; (2.) clearing; (3.) developing and furnishing watering equipment; (4.) 300,000 gallons of applied water; (5.) 5,500 cubic yards of roadway excavating; (6.) 35 yards street watering, excavation and back fill; (7.) one standard concrete headwall; (8.) 7,000 cubic yards of imporated base material; (9.) one concrete catch basin, type "D"; 10.72 lineal feet of 18 inch corrougated pipe, 16 inch gauge; (11.) finish roadway.

The spokesman for the County Road Department said that as soon as the contractor has completed his work the County will bring in its equipment and surface the road. The width of Bancroft Drive, after it is complete will vary, according to room available. Some property at Bancroft and Troy was purchased in order to make a safe angle of Bancroft at that particularly spot.

SAYS ANSWER REDS

Henry Hazlitt writes in Newsweek: "What we must do . . . is to answer the Communists with truth and clarity on every intellectual level. We must point out that government ownership and operation are grossly inefficient; that socialism does not create wealth but impoverishment; that dialectic materialism is nonsense; that the whole class-struggle argument is false; that workers and managers, employes and employers, are essentially cooperators in production; that the whole system of private capitalism is a marvelous system of social cooperation."

BUDGIE RAISERS TO MEET

The March meeting of Budgie Fanciers of San Diego County will be held Saturday, at 7:30 p.m. at Carpenter's Hall, 23rd and Brodaway, San Diego. The program will include a discussion on management, and review of Dr. Armour's book "Exhibition Budgerigars."

What's Doing At Mt. Miguel

by Mary Conlee

The Mount Miguel wrestling team placed second in the S.C.I.F. semi-finals at Crawford High School. The three first place winners were: Tsuneyo Kaneko, Larry Hutton, and Jim Osborne. Herb Hulet, Ray Kygar, and Jerry Pamp took second, while Vern Booth placed fourth.

—Mount Miguel—

The new ASB officers were announced last week at Mount Miguel's first "Presidential Ball." The school elected the following officers: President, John Conlee; vice president, Tsuneyo Kaneko; secretary, Louetta Runge; commissioner of finance, Ronnie Carlson; commissioner of school service, Jeanette Lowe; commissioner of publicity, Judy Tweed; commissioner of athletics, Bill Mitchell; and commissioner of cultural affairs, Doree Radici. The commissioner of sales and concessions were appointed by the present commission and are Mary Bet Stegman and Toni Moreno.

—Mount Miguel—

The Mount Miguel concert band and orchestra will participate in the San Diego District Music Festival Friday and Saturday. The band and orchestra, under the direction of Mr. Lawrence Christianson, wil play with other high schools in the city and county. The groups will not compete with each other, but will be judged individually.

The orchestra will play at 3:30 p.m. on Friday and the concert band will play Saturday night at 7:30. Several soloists and a string quartet from Mount Miguel will be featured.

—Mount Miguel—

Class officer petitions have been taken out by prospective officers. The petitions must be turned in by Monday. Class elections assembly will take place on March 19. The elections will be held on March 20 and 21.

Pancake Champ To Be Named By Kiwanis

A Lemon Grove pancake flipper may compete with the Olney, England housewife who won the world's champion flipping contest earlier this month.

A pancake flipping contest will be one of the features of the Lemon Grove Kiwanis Club fund-raising event scheduled for March 14 at the junior high school cafetorum. According to Ben Schei, pancake supper chairman, the contest will be open to anyone who thinks he is pretty fast with a spatula. Winner will compete with other contestants at the San Diego County Fair at Del Mar in June. Winner will possibly compete with the Liberal, Kansas woman who was runner-up in the international contest recently.

William Arbello, County Fair executive told the Kiwanis Club last week that the Kiwanis idea for a flapjack contest might bring national attention to Lemon Grove.

The Kiwanis pancake supper will be held from 4 to 9 p.m. and Thad Butts, club president, said that tickets will be sold for $1 for adults, and 50 cents for children under 12.

Pancakes, sausage and bacon, butter, syrup and coffee or milk and orange juice will make up the menu. Each ticket permits the holder to go back for seconds as often as he likes.

Missionary To Provide Program At Lutheran Church

Family night will be held at Lemon Grove Lutheran Church Tuesday from 7 to 9 p.m. Mrs. Alida Tygstad, missionary to the Sudan and Africa, will show slides depicting the life of the people in that area and tell of her work among them. Dessert and coffee will be served. The hostesses for the evening are Mrs. C. L. Waterman and Mrs. Robert Buckner.

Three afternoon circles of the W.M.F. are now organized and active. The Education Circle, which appeals to the younger mothers especially, is meeting the first Tueday of each month at 10 a.m. at the church. They have as thier main project sewing for the church. The Promotion Circle, which has visitation as its service project, meets the first Thursday of each month at 1:30 p.m. The Mary-Martha (mission) Circle meets the fourth Tuesday of each month at 1:30 p.m. at the church and sews for missions. Small children are welcome to accompany their mothers to these circle meetings. Mrs. Virgil Duea, president of the W.M.F., urges all the women of the church to attend any of these circles . . . as well as the monthly evening meeting which is always held at 7:30 p.m. at the church on the second Tuesday of each month.

PACIFIC WARM LAST MONTH

SAN DIEGO—Sea surface temperatures during February equalled the 41-year high of 60.8° Farenheit, according to the University of California's Scripps Institution of Oceanography.

Only two other years, 1926 and 1931, have had as warm surface water. The average temperature in February was 3.9 degrees above the long-term average.

Sea-surface temperatures have been at or above average since last summer.

Gigliotti Heads GOP Mens League

A Lemon Grove man, Dr. Frank Gigliotti, of 3785 Riviera Drive, has been named president of the San Diego County Republican Men's League, he said this week.

He said the executive committee, composed of 42 persons, had promised him 1,000 new members before November. He said the League would sponsor public debates on political issues and would support the Republican cause and Republican candidates.

The membership committee is headed by Joe Colton, a San Diego attorney who is 1st vice president of the League.

Demonstrations Planned For VLM P-TA Meets

Mrs. L. L. Hanson, Home Service Chairman of the Vista La Mesa PTA, has announced a series of demonstrations to be given in the school cafetorium.

The first to be held this week on Thursday at 8 p.m. will be on cake decorating and will be given by Mrs. Betty Boyde, Adult Education instructor. March 12, Miss Lourie Peterson who runs a modeling school will give modeling tips. Miss Bobbie Peterson, who holds the title of "Miss South Bay" and who is a member of our PTA will assist.

The third demonstration will be given by John Michael of Lemon Grove, who will show how proper hairstyling enhances beauty.

SV Contractor Denies Charge

James Dahl, 36, Spring Valley contractor, who lives at 10703 Eureka Road, pleaded innocent to a grand theft charge Monday before Superior Court Judge John Hewicker. He is being held in County Jail for a jury trial March 31.

Dahl was apprehended in December, after Mrs. Sally J. Murphy of Coronado accused him of 500 she had given him to pay subdissapating approximately $15,- contractors and material suppliers for the home in which she lives.

thusiastic and hardest working manager of any chain.

He said that the organization is very firm on two counts, however, the youngsters must abstain from smoking and must attend church regularly.

In the latter, kind readers, is a good sermon.

Last week, in the San Diego Union's interesting feature "San Diego 50 Years Ago" was a squib about a local man who helped shape the destiny of this area.

The item told that M. W. Mason on that day 50 years before had sold 2,700 acres of land in the Cuyamaca mountains near Descanso.

Mason died in June, 1955 but his son, Channing, also a well-known community leader is still hereabout. He said that his father had held the acreage just a few months and sold it to a doctor. It is now partly in the Cuyamaca Park system and another part is in the Cuyamaca Boy Scout camp.

It is interesting to note that the elder Mason consumated another sale which had a strong influence on the growth and development of Lemon Grove. In 1909, according to Channing Mason, his father sold the Mason Mercantile Co. to A. Sonka. Sonka's sons became Lemon Grove's first investors and developers.

The elders of both of these families have left a heritage in Lemon Grove admired and respected by today's residents.

Clothing Collection To Be Made By M.H. P-TA

The home of Mrs. Wm. Kiefer, 1938 Englewood Drive, will be the meeting place Thursday morning of the Executive Board of the Monterey Heights P-TA. Mrs. Donald Burnworth, president, will preside. Business on the agenda will include a report from the nominating committee by the chairman, Mrs. Vernon Linden. Plans for an additional ways and means project will be discussed by Mrs. D. F. Staples. Means of assisting with the forthcoming Mt. Helix Council clothing drive to replenish used apparel on the racks in the P-TA room at the downtown Salvation Army Store will be considered by the group. This clothing goes to assist those worthy families who are in need of such help.

The Editor

Dear Editor:

The citizens of Lemon Grove who use the western end of Canton Drive are wondering why the pressure has to be brought to bear on "The Powers That Be" to do a job they are elected and paid to do?

We're getting powerfully mad at the negligence — procrastination — or political football game that is being played — or whatever is going on that is responsible for "Hog Hollow" at Imperial and Canton Drive.

Folk around here keep putting Mr. Bird back in that big job of his. How about him going to bat for us by coming to the aid of his constituents in Monterey Heights, and proving he's not "for the birds", but can put pressure on the right place to force legal action that will clean-up Lemon Grove's eye-sore, disposition-destroying, nerve-shattering intersection . . .That is, unless Mr. Bird and the County Highways office are getting a cut-back from our doctors and garage mechanics!

P.O. TO BE OPEN LONGER

The Lemon Grove post office will be open longer starting Friday.

Office hours will be 8:30 a.m. to 5:30 p.m. an increase of 30 minutes of window service each day, according to Postmaster Franchy Faucher.

SV Sewer Plant To Operate Friday

SAN DIEGO (CNS) — The Spring Valley Sanitation District will be in operation on Friday, according to Jean L. Vincenz, director of the Departmbent of Public Works.

Vincenz made the statement Tuesday morning, just after the County took over operation of the sewage treatment plant that has been holding up the project since late last year. Supervisors signed an agreement with the sewage treatment plant contractor, Ted R. Gregory, whereby the county will operate the plant. Gregory will still be responsible for the work that still has to be done.

"The electric company has some work to finish, but that will be ready in time to start tests," Vincenz said. "We expect to have the system in operation on Friday."

Gregory's bonding company, Anchor Casualty, also signed the agreement with the county, continuing its insurance of Gregory's work. The contractor has been paying penalties of $250 per day for his failure to finish the project on time.

The penalty was raised to this amount January 19. Previously it had been $25 per day for 81 days. By signing the Tuesday agreement, that charge against him goes back to $25 per day until the project is finished.

Supervisors, particularly Dave Bird, in whose district the area is, breathed a sigh of relief on Tuesday at the prospect of settling the the problem. They have been besieged for months by property owners, residents and businessmen, who have been afected by the delay. The system is costing some $1,000,000.

Many residences, sold last year, have remained vacant because the sewer system was not available. Supervisor Bird estimated the interest paid on unoccupied houses as "many thousands." The county spection fees.

HIGH SCHOOL BOARD POSTPONES MEETING

The regularly scheduled school board meeting of the Grossmont High School District has been postponed a week because of the absence of three board members and two administrators.

They are attending the San Francisco Conference of the American Association of School Administrators.

The meeting scheduled for March 17.

Chinchilla Firm Formed Here

Another new corporation has begun in Lemon Grove. Blue Banner Chinchilla, Incorporated, at 3290 Main Street was formed by the Chinchilla Ranchers to manufacture and market chinchilla garments. Officers are: Mr. R. E. Howry, president; Mr. S. C. Stroltz, vice president; and Mrs. Cleoves Hardin, secretary-treasurer.

The stockholders (ranchers) plan to finance and establish their own chinchilla feed and equipto to realize a greater margin of ment store to enable the rancher profits, etc.

Future plans call for marketing finished garments in every city on the West Coast.

'ISLE OF FASHION' TO BE OPTI-MRS. FASHION SHOW THEME

A fashion show with a Saint Patrick's Day theme will be presented by the Lemon Grove Opti-Mrs. It is to be held Wednesday March 12 at 7:30 p.m. in La Mesa at the American Legion Hall.

Latest fashions will be shown by Helen Gauldin's Style Shop. Lovely Easter dresses and accessories and everything from evening clothes to bathing suits will be modeled.

This will be the first function this new, small but energetic group has planned. It promises to be a fine show with lots of interesting door prizes and a dessert will be served.

President Barbara Wenzel is in charge of the show with assistance by Alice Byran, Barbara Howell, Pat Christensen, Mareta Clark, Amorita Adams, Arlene Wilson, Donna Osterloh, Vera Nutter and Ethel Wood. Tickets may be purchased at Helen Gauldin's Style Shop.

ALONG CAMPO ROAD

By LAURA BOHM

Highway 94 Club shelved most of the business at their February 20 meeting held at the Barrett Cafe, and welcomed heartily the Jean Eskridge dancers from Spring Valley. Dianna Roach was a fury in color and grace, as a French Can-Can girl. Little Linda Norton in a calypso acrobatic number called "Mary Anne" was as nimble as a kitten and also as alluring. Then Sharlene Barker, in her two pantomime songs, "You Send Me," and "Mr. Flattop" caused even Mother Grundy to sit up and grin.

Senor de Leon, president of the Chamber of Commerce of Tecate, Mexico, introduced the Mayor of Tecate, Dr. Armando Aguilar, and other Tecate guests.

The Beacon Store, 2 miles west of Jamul, owned by Ralph Jacks has been sold to Walter Brown of Lemon Grove, and Wendell Watson of Chula Vista. The store will be operated by the new owners on March first. They are making plans to increase the stock and enlarge the building.

Did you know that . . . the Oscar Thompsons have sold their home to Mr. and Mrs. Robert Thayer of El Cajon. The Thompsons will be moving to their new casa about March 10 . . . Richard L. Carpenter, who with her husband opened a variety store in Tecate, Calif. in December, now has her license as a Notary Public . . . that the David Braunlicks of Oceanside, presented the Ed. Leonars with a granddaughter on February 8 . . . the newlyweds, Edgar and Sarah (Gregory) Hatfields resident until he later returned to Dulzura later in the year . . . Ralph Rickly who was incapacidated since his injury last November is again back to work . . . The Country Store, formerly operated by the Mason Boards, has its doors opened again by the Claude Bakers, recent arrivals in our village. . . and have you seen the remodeled bar at the Barrett Cafe? It's a square and real smooth . . . the latest scandal, the Community Building has gotten well plastered over the last few weekends, inside and out.

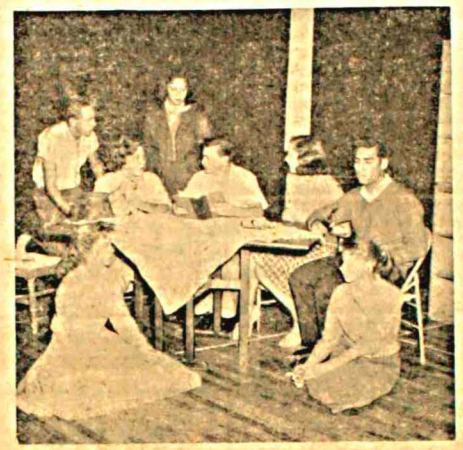
TENTH ANNIVERSARY is marked by the Lemon Grove Sheet Metal Works with the installation of a new king-sized sheet metal shear, the first of its kind, and the largest, outside the city of San Diego.

Shear, which weights 13,000 pounds, was installed last week by Forrest Baxter and Bob Schnick, owners of the firm. Operator is Ben Miller of Jamul. The new machinery, which replaces an outmoded rotary slitting shear, cuts metal up to 10 feet long and 1/8 inch thick. It can be adqusted to 1/128 of an inch. The firm started in business at 3565 Imperial Avenue in a 20x40 building now occupies on 40 x 120 feet at 3485 Olive Street. Visitors are encouraged to tour the plant during March, Baxter said. — Tappy Foto



PART OF THE CAST of Mt. Miguel High School's speech arts department's first play "I remember Mama" rehearses for this week end's presentation. Seated on the floor are Mary Lou Bell, left, and Kris Anderson. Around the table are, left to right, Tom Frisque, Merrily Whitehurst, Mary McCray, Andy Kerr, Suzy De Groot and Paul Mitchell.

"I Remember Mama," a comedy in two acts by the late John Van Druten, will be presented by the speech arts department of the Mt. Miguel High School, Friday and Saturday at 8:15 p.m. This play of Van Druten's is far different, less sophisticated, yet rich in excellent character studies," said Mrs. Jean Temp, director of the play.

It is the story about the problems of a Norwegian immigrant family in San Francisco around the turn of the century. Mama, a warm and capable manager, leads her flock through financial crises with a firm hand and is rewarded when her son, Nels, begins a medical career and her daughter, Katrin (who narrates the story) becomes a successful author.

Based on Kathryn Forbes' autobiographical "Mama's Bank Account," the play includes such amusing characters as boisterous "black" Norwegian, Uncle Chris; three fabulous aunts, a frightened little undertaker who wants to marry Trina, the single, fortyish aunt; Dagmar, small daughter who collects cats and rabbits; and their English actor-border, Mr. Hyde.

Lead roles are played by Mary McCray as Katrin and Merrily Whitehurst as Mama. Others in the cast of 23 include Paul Mitchell as Papa; Kris Amundson, Dagmar; Mary Lou Bell, Christine; Tom Frisque, Nels. The three aunts are played by Janice Torgersen, Kathy Nagle, and Suzy DeGroot. Suzy's undertaker-suitor is Perry Tuve. David Gallagher plays Uncle Chris. Andy Kerr uses his natural English accent to advantage as the illustrious Mr. Hyde. Famous writer, Florence Dana Moorhead, is played by Bette Long.

Others in the cast include: Donna Ray, Joe Connolly, Cathy Stubbs, Celia Taylor, Brenda Preston, Bill Truex, John Cornelius, Judy Dunham, Valeria Bauman and Gary Monetta. Bob Lewis is assistant director for the production; John Cornelius serves as stage manager.

A matinee performance will be Friday. Ticket prices are $1.00 for adults, 75 cents for students with ASB cards, and 50 cents for children under 12.

Services Held For Wilbur Kay

Funeral services were held at Greenwood Mortuary last Tuesday for Wilbur H. Kay, 34 of 8616 Jamacha Road, Spring Valley, who reportedly shot himself fatally with a .22 revolver February 22. Burial was at Mt. Hope.

A native of Oklahoma, Kay had lived in the San Diego area for 15 years, and in Spring Valley but a short time.

Besides his wife, Lucy, Kay is survived by four brothers, Billy J. of Glenwood Springs, Colorado; Russell of Palisades, Colorado; Wendall and Utah of Grand Junction, Colorado; two sisters, Joy Weakely of Long Beach, Calif., and Florence Ward, whose address is unknown.

Paint and Varnish

The difference between paint and varnish goes right back to the make-up of the two materials. Paint is made by grinding pigments (colors) in drying oils. Varnish is made by melting transparent resins and mixing the melted resins with similar drying oils, after these oils have been raised to a high temperature. Paint is opaque and is intendend to hide surfaces. Varnish is transparent and is intended to reveal surfaces.

Survey Funds Raised By Spring Valley CofC

Chet Smith, treasurer of the Spring Valley Chamber of Commerce, and chairman of the Spring Valley Survey committee for a local form of government, reported last Monday that the $1,500 needed to make the survey had already been obtained. He said the Public Affairs Institute at State College, headed by Dr. Don Leifert, has already begun the survey. It will take about 10 or 12 weeks to complete it.

Smith said that although the $1,500 has been raised, the committee is still accepting donations, as there more than likely will be incidentals to be taken care of such as printing, etc.

The boundaries of Spring Valley as set up by the survey committee are long the pattern of the Spring Valley Fire Protection District. The district for the survey is set up thusly; the northeast corner is at a spot along Avocado Road near Challenge Boulevard; then in a straight line to the new freeway near Eucalyptus Park; along the freeway to the cloverleaf near Palm Avenue; down Broadway taking in the east side (to include Brookside) to Sweetwater Avenue; down Sweetwater Avenue (both sides, which takes in the Mt. Miguel High School and the area where Bollenbacher and Kelton are to build several hundred homes; then almost to Sweetwater Lake; then back north taking in the La Mesa Airport and on up to Avocado Road again.

Doners to the Survey Fund as released by Chet Smith are as follows; John Abbott, William Andersons, Luke Barbour, William Booker, Clyde Byers (barber shop), Casa de Oro Woman's Club, Fred W. Carmichael, J. William Clark (furniture refinisher), James Crum.

J. C. Danner, William Doughman, C. V. Eskridge, O. E. Fishang, Bill Geer, Susie Geer, John Gramoy, Ray Grable, Gus Gunderson (Valley Pharmacy), Fred J. Hansen, Leonard J. Hayes, Peter Jesperson, Jim's Richfield Station, Frank La Salle, Clifford Leary, Spring Valley Lumber Co. (F. M. Livengood), Anthony "Shorty" Marshall, Beulah Moyer, Roland Pair (contractor), Al Peters, Ted Phillips, Frank Razzino, Betty S. Robinson, Robert Rosen M.D., A. T. Sciara, Chet Smith, Cora Smith, Anthony Spinazzola, Spring Valley Chamber of Commerce, S.V. Fire Dept. Auxiliary, S. V. Firemen's Relief Association, S.V. Lions Club, S.V. Women's Club, Tweed Shell Station, Sarah Thomas, Arthur Uecker (Star Lumber Co.) Ugo's Barber Shop, and Leo Zwiebel.

HODGES TO SPEAK

Mayor Walter (Pike) Hodges of National City, guest speaker of the evening, told of the important part of the Border Cities Conference is playing in the problems of the Mexican Border. Mayor Hodges is president of that organization this year.

He said the great problem along the Mexican Border, is not the Mexicans but the Americans themselves; tourists, thrill seekers and juveniles. He said that in 1932 there were only about 30,000 people in the entire area of Baja, California. Now, he he stated, there are 500,000 in just Ensenada, Tijuana and Mexicali. The people and the government have the same sort of problems that we have, Baja, California now being a state.

When asked why it is when an American gets arrested in Tijuana, he has to give all his money in his possession as his fine, Mayor Hodges said that Mexico is 50 years behind us, He said the Mexicans are in dire need of money, and some of their laws are about like ours were 50 years ago. He cited some of the National City laws of the 90's as examples. And he pointed out that the problem of duty on goods coming into the United States is something the Border Cities Conference is working on.

Mayor Hodges said the B.C.C. is trying to get the much discussed International Airport into being. He said it would have a 14 mile runway and there would actually be 2 airports, one for Mexico and one for this country. He said it would be especially suitable for jets as the runway would be direct. A big feature would be that flights could be made to all parts of the globe. He said the proposition was turned down once and now it's the Mexican Government problem.

But these problems are gradually being studied, ideas presented to United States legislature and the Mexican Government. Such organizations as the Rotary and Chambers of Commerce on both sides of the Border are showing great interest in getting the Border problems taken care of, Mayor Hodges said. He urged that all chambers of commerce in San Diego County join in with the Border Cities Conference.

As a parting shot, when asked about the traffic problem at the Tijuana Border, the mayor said he has informed that plans call for a seventeen lane traffic entrance back into the U. S.

NEW MEMBERS

Three new members were accepted into the S.V. Chamber of Commerce last Monday evening: Mr. and Mrs. Joseph Scola of 3146 South Bonita Drive, Casa de Oro, and Frank Razzino of 8848 Olive Drive, Spring Valley.

Tax Enforcers Needed By State

Men to enforce state tax, licensing and other laws and regulations are needed as Field Representatives throughout California, it was announced by the State Personnel Board.

Qualifications for the job, which pays $395 to $481, are broad, the Board emphasized. Men with two years experience in any one of several fields of business or industry may qualify as follows: management of a small business, or a major phase of a large business; credit or collection management; office management, including financial records; filed or office supervision in the petroleum or trucking industry; public accounting or field auditing.

In addition to enforcing state laws, rules and regulations, the Field Representative endeavors to prevent violations and collects delinquent taxes, fees, and returns for the State.

Application forms and full information are available at the Department of Employment office on Columbia St.

Local People In San Diego Concert

A former Lemon Grove resident, Mrs. Valarie Maschner, daughter of Mr. and Mrs. J. E. Maschner, 2520 Washington Avenue, and a local girl, Mrs. Lily Mae Good, daughter of Mrs. and Mrs. J. C. Williamson, 8564 Troy Street, will appear as organist and alto soloist respectively at an opening concert which begins the two week dedication rites of the new sanctuary of the East San Diego Presbyterian Church, being held March 30.

Mrs. Maschner, a graduate of Helix High, has been active in music circles for several years. She was accompanist for the Highlanders Girl's Ensemble and Choraliers, with the Grossmont Red Robe Choir, studied piano and organ with Thusnelds Bircsak and also at San Diego State, served as organist for the Lemon Grove Congregational Church and pianist for the First Baptist Church of La Mesa. At present she instructs piano in Lemon Grove. Extra curricular activities include work with the "Order of Rainbow" and serving as Lt. of the "Helix Flag Corps."

Mrs. Good began in the field of instrumental music by playing Franch horn in the Grossmont band and orchestra. In her senior year, she won the top honor trophy in the May Time Band Revue as Drum Major of the Blue and Gold Grossmont Band. She also was a member of the Grossmont Choir and Girl's Ensemble while at Grossmont. After high school she sang in the First Presbyterian Church Westminster Choir and ensembles. She joined the East San Diego Presbyterian Church Choir in 1956 and became alto soloist the following year.

Roger Humphrey Gets Science Award

Roger Humphrey, son or Mr. and Mrs. P. E. Humphrey, 7665 a science major at Mt. Miguel, received a certificate or merit in the second round of National Merit Scholarship competition. He Central Avenue, Lemon Grove, was one of 7300 finalists from all over the nation and may be among the 1000 winners of scholarships to be announced late this spring.

From Grossmont are James Henderson, son of Mr. and Mrs. Hebert Henderson, of 6590 Mc Arthur Drive, and William Steils of 6350 Celia Drive, Vista La Mesa.

'Kids & Kars' Is Helix Panel Program

A panel discusion on "Kids and Kars" will be the principal feature of the March 6 meeting of the Helix PTA in the cafetorium, at 7:30 p.m. P. B. Harrison, safety chairman, will act as moderator, while panel members will be: Judge Fenton Garfield; La Mesa Police Chief Glenn Adams; Richard Swart, field consultant for the Safety Department of the Automobile Club of Southern California; and Douglass Kerr, Helix driver education instructor.

The panel is expected to discuss such subjects as the driver education course in the high schools, police policies in regard to youth, court handling of juvenile traffic cases, and the high insurance rates for teen-age drivers.

Dudley Lapham, La Mesa city manager, and members of the La Mesa City Council have been invited to attend the meeting. Mrs. John L. Thompson, Foothills Council president, will attend the meeting as a special guest of Mrs. F. M. Sawyer, Helix P.T.A President.

The nominating committee will present a slate of officers for next year. Mrs. Carl Planchon is chairman of this committee.

A TV CELEBRITY WAS A LEMON GROVE visitor last week when the popular Myron Floren, center, featured accordianist with Lawrence Welk's orchestra visited his cousin, Leonard Farness. The teevee start visited Farness at his place of employment at Brumley's Shoes, at 7763 Broadway and spent more than an hour there. Farness said that most everyone who came in the store recognized Floren although some of them shook their heads and said "no, it couldn't be."
In the photo, taken by Dee Brumley in the store, are Farness, Myron Floren, and O. M. Floren, of Sioux Falls, the star's father.

A group like the Communist conspiracy—dedicated to the ultimate destruction of all civil liberties—cannot be allowed to claim civil liberties as its privileged sanctuary from which to carry on subversion of the government. — Eisenhower's Milwaukee Speech, October 2, 1952.

Lions Speech Contest Scheduled This Week

Local competition for the twenty-first student speakers contest sponsored by Lions Clubs in California and Nevada will be held this week in Lemon Grove. The contest, pitting some of the best local high school speakers, will provide the program for the Lions Club Thursday night when it meets at Michael's, according to Dr. Calvin Nicholl, club president.

Chairman of the event Augie Pfeifer said the topic would be "Community Service—A Way of Life" and the students competing are Carolyn Randall, Brenda Epperson and Lewis Griggs. Griggs is a part-time employe of this newspaper.

Judges are Robert Sutton, Junior High School principal; C. R. Clough and R. Torge, both of Pac. Tel. & Tel. Co.

Winner will receive a trophy and compete at the zone level contest on March 10.

Local Banker Makes Plea For Low Down Payments

WASHINGTON, (Spcl) — John A. Davis, president of Southland Savings and Loan Association, urged approval today of a proposal to provide lower cash down payments on home loans that are conventionally financed, in a talk before the annual legislative conference of the National Savings and Loan League at the Statler Hotel in Washington. The three day meeting which opened last Monday is being attended by approximately 100 savings and loan officials from all sections of the nation.

Davis, chairman of the National League's Federal Home Loan Bank System Committee, said easier credit terms on conventional home loans are needed as a replacement for the GI housing program for World War II veterans which is scheduled to expire next summer.

"Regardless of whether the GI program is extended," Davis said, "the savings and loan business, which is dedicated to thrift and home ownership, requires the tools necessary to enable all Americans to own their homes. Longer term mortgages and lower cash downpayments on conventional home loans will not only help to stimulate the economy but will also strengthen home ownership in this country."

Davis noted that under the present regulations of the Federal Home Loan Bank Board a down payment of at least 20 percent of the value of a home is required by insured savings associations before a conventionally financed loan can be approved. Davis said he believed this amount should be reduced to ten percent "to permit savings association to invest a portion of their loan portfolio in such mortgages where the credit risk justifies and a sound loan can be provided.

The Lemon Grove branch of Southland Savings is managed by Bob Wilson.

Girl Scouts Sell 400 Cartons of Cookies

The Lemon Grove Girl Scout cookie sale is over . . . and it was a success. Nine Brownie Troops and eight Intermediate troops sold 414 cartons of cookies. The girls attend San Miguel, Golden Grove Junior High and St. John of the Cross Schools. Brownie Troop 475, Mrs. H. C. Stubbs, leader, was the highest. The cookie chairman was Mrs. Nell Caufield. Virginia DeFrate, Troop 380, sold the most individually, 6 cartons. Leader is Mrs. I. L. Johnston and cookie chairman was Mrs. B. F. Hollowell.

P-TA HONORS SIX LOCAL MEMBERS

LIFE AWARD WINNERS of local P-TA's this year are Mrs. Carl Planchon, Hibbard C. Stubbs, Mrs. Bert Cosby, Frank C. Doolin, Mrs. Ralph Nelson and Mrs. Alf Holmberg.

Each year the Parent-Teacher Associations award an Honorary Life Membership to the persons who have contributed most in time, energy and thought to children's welfare.

Palm Avenue P-TA presented their award to Mrs. Alf Holmberg, 8224 Golden Avenue, who has worked in P-TA for 7½ years. She served as 1st Vice-President and President for Golden Avenue and is currently President of Palm Avenue P-TA. She spent 6 years in Girl Scout work and soon will complete her 1st year in 4-H. She has sung in a local church choir for two years and is active in Mt. Miguel P-TA as well as Mt. Helix Council as Parent Education Chairman.

Golden Avenue P-TA presented the award to Frank Doolin, 8034 Imperial for his work in Boy Scouts. He served as a Scout Master three years even though his boy will not be eligible for scouting for another year. He served on the Swimming Pool Association two years and is now Vice-President. He was carnival chairman last year for Golden Avenue and has offered his services for another year.

Monterey Heights PTA presented the award to Mrs. Ralph Nelson, 1570 Skyline Drive. She has been active in Camp Fire, Cub Scouts, Mother's Auxiliary for Scouts, Jobs Daughters, Sorority Mothers at San Diego State. She is a charter member of Monterey Heights PTA and Mt. Miguel PTA. She worked with the Green Robe Choir at Helix High and Music Parents at Junior High, is a Deaconess at the Congregational Church, supports the Swimming Pool Association and works on any fund raising activity when called. Her PTA work includes Vice-President of Junior High and Hospitality Chairman at Monterey Heights.

San Miguel PTA presented their award to H. C. Stubbs, 6800 Mallard Street. He leads Boy Scout Troop No. 322, works on Swimming Pool Committee, works diligently on Civilian Defense, serves as Civilian Defense Chairman on the PTA and is a volunteer fireman with the Lemon Grove Fire Department.

Vista La Mesa PTA presented their award to Mrs. Carl Planchon, 7126 Hybeth Drive, who has been active in PTA for 14 years. She is charter member of Vista La Mesa PTA, organized dancing classes for the Lemon Grove Junior High dances and has worked on any fund raising drive when called, such as Mothers' March. She works on the Swimming Pool carnival as well as the school carnivals, assists the youth group at Vista La Mesa Christian Church, and is now a "pink lady" at Grossmont Hospital.

The Lemon Grove Junior High School PTA presented their award to Mrs. Bert Cosby, 8277 Golden Avenue. Before coming to Lemon Grove, she was active in Brownies and PTA in San Diego. She has participated in the Swimming Pool carnival, Mothers' March, Community Chest and 4-H. She assisted in the polio immunization program. She is active in Mt. Miguel PTA as well as Lemon Grove Junior High and is an active member of Grossmont Hospital Auxiliary.

Hydoski To Run Against Easton For Tax Collector

A former deputy tax collector, Edward J. Hydoski, 38, a resident of the Clairmont area in San Diego, filed today as a candidate for the office of County Tax Collector in the June 3 primaries. Hydoski, who resigned as deputy tax collector in order to enter the primary race, will attempt to defeat incumbent Wilbur W. Easton, 71, who is seeking re-election. Hydoski, who served as deputy tax collector for six years, will run on a platform of complete modernization of work procedures in the tax collector's office. "Improvement and change in the interest of more efficient service to the public is long overdue," Hydoski stated, when he filed as a candidate.

Hydoski also said that he would initiate the practice, if elected, of making himself personally available to individuals seeking information or assistance with their tax bills, a policy not currently observed in the collector's office.

He was born in Philadelphia, and came to San Diego in 1947 after five years in the U.S. Army where he saw service in five European campaigns, and was decorated in combat as a member of the 2nd Infantry Division. He is married and father of two children.

SCHOOL BOARD TO MEET MONDAY

The regular March meeting of the Lemon Grove School Board will be held Monday at 7:30 p.m., at the Education Center on Lincoln Street. Besides the usual items of business listed each month, the agenda shows (1) approval of three new contracts for teachers, (2) a progress report on San Altos project, seventh school district, and (3) continued review of Board policies. The last item is necessary in view of recent changes in school law made at the last session of the California Legislature.

BERRY BUSHES

Berry bushes . . . loganberry, boysenberry, raspberry and other cane fruit varieties . . . suffer a great deal from heavy infestation of red spider. There is a material on the market created solely for the control of red spider and mites. This material is marvelously effective in killing the red spider and it has the advantage that it will not harm the useful insects. However, it can be used on berry bushes only up until the time the fruit begins to form, but the flowers and shrubbery it can be used the year round.

SUMMER ROUTINE

I like to finish off the season by spraying berry bushes occasionally with a light oil emulsion. Use it as frequently as necessary selecting cool days to do the spraying. A good oil emulsion will break down the fertility of the eggs of red spider and mites and will kill the young as well as the adult. Therefore, it gives you a prolonged measure of control and, of course, is safe to use on the ripening fruit.

Padres Games To Be Aired Via KSDO and Channel 10

Radio and television contracts have been signed by the San Diego Padres with radio KSDO and TV channel 10 for the 1958 Pacific Coast League baseball season, according to Padre general manager, Ralph Kiner. All home and road games would be aired by KSDO, Al Schuss at mike. Channel 10 will show the games on Saturday.

The Padres first appearance will be Tuesday, April 29 against Phoenix.

Avocado Root Rot No. 1 Disease

Avocado root rot disease, the No. 1 disease in the avocado industry, may be spread easily throughout an orchard or community, reports University of California.

The spores of the fungus causing this disease may be carried by water from an infected area in the orchard to a clean area, thereby causing widespread infection. Contaminated soil, either brought in on nursery stock or in truckload lots for filling or leveling, can introduce the disease into a clean orchard.

Other means of spreading this disease are: seed, host plants (ornamentals and other tree crops), animals running across diseased soil when ground is wet, rodents, jeeps, tractors, shovels, trowels, soil augers, and finally, people walking across infected areas when soil is wet.

The University of California has prepared a new bulletin, "Avocado Root Rot", which gives a full description of all aspects of the disease. Free copies may be obtained by writing or calling the Farm Advisor's Office, Bldg. 1, 4005 Rosecrans Street, San Diego 10.

Anette Marie Comes To Live With Charlie Walter

It's a wise baby who knows her own poppa. That's the reason we want to correct a birth announcement we ran last week. The hospital supplied us with a different first name for the parents of the Zaleckis baby girly. The correct name is Charlie Walter Zaleckis and he and Mrs. Zaleckis became parents of their first baby girl February 13 at Grossmont Hospital whom they named Annette Marie. The couple has two other children, both boys.

Annette lives at 8149 Baldwin Road.

Duke Instructor To Speak

Dr. J. B. Rhine, Director of the Parapsychology Laboratory at Duke University, North Carolina, will lecture Thursday this week, at 8 p.m., in the Auditorium of the Unitarian Church, 1541 Sixth Avenue, San Diego. This is Dr. Shine's first and only San Diego appearance and is sponsored by the California Parapsycology Foundation. Dr. Rhine's topic will be "Exploring New Worlds of the Mind." The meeting is open to members, friends, and to the community at large.

Dr. Rhine has been internationally recognized for many years as leading exponent in the field of extra-sensory perception. He has written several books about his extensive research and scientific experiments in probing the farthest frontiers of the mind. The residents of this area are fortunate to have the privilege of hearing Dr. Rhine.

ANNOUNCEMENT
. . . Change of Ownership . . .
BROUILLARD HARDWARE wishes to take this opportunity to thank its countless number of customers for their wonderful patronage this past two and a half years, and it is with many regrets that we have to leave you, but doctor's orders left us no alternative. We have sold our hardware store to Mr. Bob Rey, who has had many years of experience in business, and we know you will receive the same kind of service that we have tried to give you. He plans to continue on with our policies and will no doubt elaborate in some lines.
His motto: If they make it, we have it or will get it for you.
